Proceedings of the 1st International Conference on Electronic Engineering and Renewable Energy ICEERE 2018, 15–17 April 2018, Saidia, Morocco
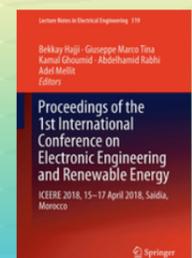

The Second Edition of the International Conference on Electronic Engineering and Renewable Energy (ICEERE'2020) is going to be the international forum for the presentation of new advances and research results in the fields of Electronic Engineering, Control and Instrumentation, Embedded Systems, Communication and Renewable Energy. The objective of the conference is to bring together academicians, researchers, professionals, executives and practicing engineers, from various industries, research institutes and educational bodies to share and exchange ideas and information on the theme of the conference.

With the successful experience of the first Edition (in Saidia, Morocoo 2018), we truly believe that the second edition of ICEERE 2020 will achieve greater success and provide a better platform for all the participants to have fruitful discussions and to share ideas of researches.The second conference ICEERE 2020 will be held in Be Live Hotel 5* - Saidia, Morocco from 13-15 April, 2020.
